

# CURRICULUM VITAE

CHRISTELLE VIAUROUX

## EDUCATION

Ph.D.	2001	University of Toulouse (France), Economics
DEEQA*	1997	University of Toulouse, Economics
MA	1996	University of Toulouse, Econometrics
MS	1995	University of Toulouse, Econometrics
BS	1993	University of Toulouse, Economics

\*European Degree in Advanced Quantitative Economics.

## Experience in Higher Education

2008 - Present	University of Maryland, Baltimore County, Assistant Professor, Economics
2003 - 2008	University of Cincinnati, Assistant Professor, Economics
2002 - 2003	State University of New York - Stony Brook, Visiting Assistant Professor, Economics
2001 - 2002	University of Pittsburgh, Visiting Assistant Professor, Economics

## Research Support and/or Fellowships

Summer 2009	\$6,000, DRIFT Program Awards (UMBC)
Fall 2007	Taft Research Center International Travel Grant (UC)
Summer 2007	\$6,500, Taft Research Center Summer Research Fellowship May (UC)
05/2007	\$11,050.00, Faculty Development Grant (UC)
03/2006	\$5,200, Taft Research Center Research Award (UC)
Summer 2005	\$7,000, Taft Research Center Summer Research Fellowship (UC) .
03/2004	\$3500, Taft Research Center Travel Research Award (UC).
2003	Ph.D. Prize, Association of Doctors in Art and Sciences, University of Toulouse 1.
1998-1999	BQR scholarship, University of Toulouse 1.
1999-2000	ADRES scholarship, French Association of Economics,.
1997 - 1999	Ph.D. scholarship

## Ph.D. Students

Mary Mindak, 2007, member of Committee, Accounting Department University of Cincinnati.

Anthony Holder, 2007, member of Committee, Accounting Department University of Cincinnati.

## PUBLICATIONS, PRESENTATIONS, AND CREATIVE ACHIEVEMENTS

### Publications

#### Peer-Reviewed Works

##### o Published Articles

- Stable schedule matchings, 2011 (with V. Komornik and Z. Komornik, forthcoming in Acta Mathematica Hungarica (Journal of the Hungarian Academy of Sciences).
- Pricing urban congestion: a structural random utility model with traffic anticipation, forthcoming in the European Economic Review.
- Marginal Utility of Income and Value of Time in Urban Transport, Economics Bulletin, 2008, Vol. 4, No 3, 1-7.
- Root N-Consistent Semiparametric Estimator of Dynamic Sample Selection Model (with G. Gayle), Journal of Econometrics, 2007, Vol 141, 179-212.
- Structural Estimation of Congestion Costs, European Economic Review, 2007, Vol. 51, 1, p. 1-25.

#### Articles Submitted or in Final Preparation

##### o Articles

- Is Risk Sharing Optimal: An Analysis in a Principal-Agent Framework, 2011 (submitted).
- Revolution in Fertility, Schooling and Women's Work, 1875-1940: Assessing Proposed Explanations, (previous title "Health and the Revolution in Household behavior 1880-1940: Fertility, Education and Married Female Labor Supply", 2011, with M. Cinyabuguma and W. Lord, submitted)
- Stable Matchings and Coalitions, 2011 (with V. Komornik, in preparation)
- Job Matching through Occupational Choice, 2009 (with R.A Miller, in preparation).

##### o Work in progress

- Stable Working Schedule Matchings, 2010
- Dynamic Microeconomic estimation of congestion costs, 2009

### Presentations

#### Conference (Refereed)

- Stable schedule matchings by a fixed point method, accepted for presentation to the Research Unit on Complexity and Economics Meetings on Game Theory and Applications, Lisbon, November 4-6, 2010.
- Job matching through occupational choice, Econometric Society European Meeting, Budapest, Hungary, August, 2007.
- Optimal pricing of urban congestion: a disaggregated approach, European Economic Association Conference, Budapest, Hungary, August 2007.
- Evaluation of Welfare Costs of Congestion, Midwest Econometrics Group Meetings, Cincinnati, Ohio, October 2006.
- Root N Consistent Semiparametric Estimator of Dynamic Sample Selection Models - Conference on semiparametric estimation, Rio de Janeiro, Brazil, July 2004.
  - Econometric Society European Meeting, Stockholm, Sweden, August 2003.
  - University of Pittsburgh Workshop, Pittsburgh, Pennsylvania, November 2002.
  - State University of New York Stony Brook Workshop, Stony Brook, New York, October 2002.
- Network Externalities and Incomplete Information in Urban Transport
  - University of Cincinnati, Department of Economics seminar, Cincinnati, Ohio, October 2003.
  - Joint University of Pittsburgh and Carnegie Mellon University Econometrics Workshop, University of Pittsburgh, Pittsburgh, Pennsylvania, October 2001.

- A Parsimonious Approach to Multidimensional Choice Models of Urban Transport, with M. Ivaldi, European Economic Association, University of Santiago de Compostela, Spain, September 1999.

## **SERVICE TO THE DEPARTMENT, UNIVERSITY, COMMUNITY, AND PROFESSION**

### **Service to the Department**

2010: Research Assistant assignment committee (Member)

2008-present: Computer coordinator committee (Member)

2009-present: Website committee (Sole Member)

### **Service to the Profession**

*Referee for the following:*

European Economic Review

Journal of Econometrics

Journal of Sports Economics

Journal of Benefit-Cost Analysis

*Reviewer for the National Science Foundation*

Updated: October, 2011.
